## Certification of Record

To Whom It May Concern:

This letter is to certify that the cured film of Adsil, Inc. clear, inorganic products; MicroGuard®, MicroGrip™ and MicroBrite™ are safe for incidental food contact surfaces pursuant to U.S.D.A. regulations. The cured film of these branded products should be considered inert and there are no raw materials contained in the cured film that would pose a health risk to humans or animals, when applied onto incidental food contact surfaces.

Sincerely,

Mark Stene  
General Manager
